### Experience:

#### Web Developer | Himalaya Medical Services Group | July 2024 | [Demo](#)

- Designed and developed a responsive website using HTML, CSS, Bootstrap, and Laravel, enhancing the company's service showcase and online presence. Implemented role-based access control to secure sensitive data. Conducted testing and debugging to ensure the website functioned smoothly and was free of errors. Deployed the website on a Linux server and configured SSL certificates for secure data transmission.

#### Developed a freelance platform | [Demo](#)

- Developed a freelance platform using React.js, Tailwind CSS, and Laravel PHP, enabling users to create profiles, post projects/services, and communicate seamlessly. Designed RESTful APIs for smooth data exchange and ensured cross-browser compatibility and responsive design for an optimal user experience across devices.

### **Developed an E-Commerce Website | [Demo](#)**

- Developed a fully functional e-commerce website using React.js, Tailwind CSS, Bootstrap, and RESTful APIs. Designed an intuitive UI with product filtering features, optimized for performance and SEO, and utilized Redux for state management to ensure a seamless user experience.

### **Designed a Fully Customized Website for a Car Wash Service | [Demo](#)**

- Designed and developed a fully customized car wash service website using the Laravel framework, HTML, CSS, TailwindCSS, and JavaScript. Integrated an online booking system, real-time pricing, and Stripe Gateway for secure payments, delivering a seamless and responsive user experience across all devices.
